Seniors Alert Scheme

What is it?

Its purpose is to enable older persons of limited means to continue to live securely in their homes with confidence, independence and peace of mind by providing them with a free personal monitored alarm. It is administered locally by community and voluntary groups from your area.

How does it work?

Older people get a free personal alarm or pendant. The alarm can be worn as a pendant or around the wrist like a watch. When pressed it connects wirelessly to a base unit, usually attached to a phone. The base unit immediately sends a call to a 24 hour monitoring centre

How do you get an alarm?

Simply contact a local community or voluntary group operating the scheme in your area and they will apply on your behalf. The list of approved registered groups is on the Pobal website.

Can two people receive an alarm or pendant?

Yes, as long as they both meet the eligibility criteria.

Can I make an application on behalf of another person?

Yes. You can contact your local community group on behalf of a loved one or neighbour. However, the application details must be in that person's name.

How much will it cost?

It's Free, You will get the equipment with one year's monitoring free.

The only exception is where there is no suitable landline available and a mobile signal is used to connect to the equipment. In this case a small fee may be required to cover mobile SIM rental cost.

After year one you will be asked to pay a monitoring fee. Your community group can advise of this cost in advance.

The scheme is funded by the Department of Rural and Community Development and administered by Pobal.

Who is eligible to apply for an alarm?

A person will be eligible if he or she is:

- Aged 65 years or older and;
- Of limited means or resources;
- Living alone, living with another person who meets the eligibility criteria, living alone for significant periods of time during the day, or is a carer to someone else in their household;
